

Dear Montgomery County Council Members,

I am writing to express my support for the restoration of the School Resource Officer (SRO) program in Montgomery County. As a member of this community, I believe that the safety and well-being of our students should be a top priority.

The SRO program has been an integral part of ensuring that our schools are safe and secure environments for our students, teachers, and staff. These officers have played an essential role in preventing and responding to incidents of violence, bullying, and drug use in our schools.

I understand that there have been concerns about the SRO program, and I believe that it is essential to address these issues. However, I do not believe that abolishing the program is the solution. Instead, I urge you to work to improve the program by implementing appropriate oversight, training, and accountability measures.

I strongly believe that the SRO program plays a critical role in maintaining a safe and secure learning environment for our students. I hope that you will consider restoring the program and working towards improving its effectiveness.

Thank you for your attention to this important matter.

Sincerely,

[Your Name]
